Engineering Change Order (ECO) Report

Affected Part Number: BME280

Replacement Part Number: BME688

Reason for Change: End-of-life, sensor product line consolidation (PCN Reference: ST-PCN-2026-1187)

Affected Repository: <https://github.com/shawnsony07/pcn-orchestrator-2026>

HAL Modifications: Updated hal_bme280.h to define BME688 as the replacement sensor.

Justification: The original part BME280 is obsolete and replaced by BME688. Updates have been made in the HAL layer to ensure software compatibility and direct migration.
